JULIAN & HELEN SANDERSON

Ian Sanderson is a family-run British textile house with over 60 years of expertise in creating exceptional fabrics.

Blending heritage with innovation, we specialise in natural linens and cottons that celebrate texture, pattern, and colour. From our base in West Berkshire, we collaborate with mills across Britain and beyond, combining traditional craftsmanship with contemporary design.

Led by CEO Julian Sanderson and Creative Director Helen Sanderson, our collections reimagine classic English style through a modern lens, bringing originality and character to interiors worldwide.

With creativity and quality at the heart of everything we do, Ian Sanderson fabrics are made to inspire and elevate every space.
