

Beyond Complements

Beyond Complements

Beyond Complements is a new member of our Complements family of really useful small - medium scale printed designs. Six more original designs from our archive and studio are slightly larger in scale and explore new colour combinations, ground cloths and finishes. Olmo, Elney, Nettie, Reel Stripe and Swing are printed on our new cotton/linen, suitable for all soft furnishing and great for upholstery too. Charming Miss Polly, a delicately placed leaf design is printed on pure cotton with a light chintz glaze to add lustre and body.

Use them on their own, with each other and other fabrics; your scheming possibilities are endless!

🇬🇧 All printed in the UK with high lightfast dyes.
